# Your easy ordering guide direct from Whitfert

- 1 Select your fertiliser requirements.
- 2 Contact our Sales Team on 1800 654 089.
- 3 Our Sales Team will help you plan your order and check your details.
- 4 Product must be fully paid for prior to collection unless otherwise agreed (finance options available).
- 5 General Terms and Conditions.
- 6 Check your order and confirm your details are correct. Then sign and return your fixed price contract back to Whitfert.
- 7 To keep the collection procedure simple, advise your transport operator to make an appointment on 1800 111 001. You will be notified of the appointment time by SMS once an appointment is made. Your transport operator must advise Whitfert if unable to meet appointment times or date.
- 8 With each collection a delivery docket will be provided to the carrier by SMS or email. A delivery docket and a GST compliant Tax Invoice will be sent to you via SMS or email once the carrier is loaded.

## Whitview

Whitfert's customer portal allows 24/7 access to all your fertiliser transactions, via [whitfert.com.au](http://whitfert.com.au). With WhitView you can download all your transactions with Whitfert:

- **Statements**
- **Invoices**
- **Orders on**
- **Despatches**
- **Weighbridge Dockets**

Up to date information is available any time from anywhere, removing the need to maintain a "paper-trail" of your transactions with Whitfert. Giving access to your accountant or consultant means you no longer have to transfer documents. They can go to WhitView at any time and download copies of all the documents they need.

## Bulka Bags

All products in the Whitfert range are available in 500 to 1000kg Bulka Bags. To place an order please call 1800 654 089 or alternatively order online via our secure click-and-collect portal.

## Granular Blends

In addition to our extensive product range, a number of other products (including granular trace elements) can be custom blended together to create unique fertilisers that can be used by farmers to meet specific nutrient requirements for individual paddocks.

Whitfert have a custom-design Ranco blender which optimises both the advantages of an accurate bulk blending system and creating tailored blends to suit customer needs.
